Internet Access

At pre-school, we encourage the children to use the computer in the main setting regularly. We have purchased the Early Years World package which contains a collection of interactive computer activities aimed at young children in nurseries and pre-schools. In addition to this package, we are also keen to make use of the internet access the computer provides e.g. by allowing the children to play age-appropriate games relating to our topic work on websites such as CBeebies.

In light of the above, we require your permission for your child to access the internet. Please be assured that parental blocks are in place to ensure nothing is inappropriately accessed or downloaded and children are supervised at all times. We have an online safety policy in place which is available to view upon request.
